# Squirrel & Acorn Process Art Directions

## Step One: Set Up & Paint

Place the squirrel template in a shallow container or a deep lid. Add some spots of brown paint in a few places on the squirrel. Place a handful of acrylic acorns or marbles into the container. Gently tilt the container back and forth so that the acorns run through the paint and spread it across the picture.

## Step Two: Cut & Mount

Allow the paint to dry on the squirrel template. Cut out the squirrel and glue it to a piece of construction paper. I prefer to use yellow, orange or red for a festive fall display.
